CHILDREN'S DAY  
AT BEDFORD FAIR

More Than 7,000 Visit Grounds  
During Day and Evening.  
Glass Makes Speech.

(Special to The Times-Dispatch.)  
Bedford City, Va., October 26.—The third and last day of the Bedford fair was a success far beyond the hopes of its promoters. There is general congratulations and satisfaction from the people of the entire county. It was Children's Day, and the weather was ideal.

At 10 o'clock this morning Hon. C. Glass, Congressman for the Sixth District, addressed the people in the open air from an automobile on agricultural subjects, dwelling in particular on farm demonstration work and the fine results that are gained from combining scientific knowledge with practical work. He received the closest attention of the great crowd throughout his address. But the great event of the day was the parade of school children, led by the Bedford band in uniform, the officers of the association and mounted marshals.

There were about 1,500 children in line, each school being led by the teachers, and all the children bore flags that waved in the breeze, proving the most inspiring and beautiful effect imaginable.

They gave the school yells at intervals on the march and as they entered the exhibition hall, sang "America" to the accompaniment of the band. It is estimated that during the day and evening there were about 7,000 visitors to the fair, which will prove financial success as well as in exhibits.

Blue's Battalion Drill.

The first battalion drill of the season will be held at the Blue's Armory Tuesday night. The men will wear full dress, and the affair will be followed by dancing. First call will be at 8:30 assembly at 9:15, and adjutant's call at 9:30 o'clock.

SLEMP OPPOSED  
BY PROGRESSIVES

Colonel Roosevelt and National Committee Are for Election of Graham.

(Special to The Times-Dispatch.)  
Wise, Va., October 26.—L. J. Beverly, sheriff of Wise County and a highly respected citizen, to-day made public the following correspondence:

"Wise, Va., October 17, 1912.  
"To Colonel Theodore Roosevelt, Chicago, Ill.:

"My Dear Sir—I was elected high sheriff of this county on the Progressive Republican ticket in the election of 1911. Wise County was the leading county of the Progressive movement in Virginia. This county is one of the counties that compose the Ninth Virginia District. This district has been represented in Congress by Hon. C. Glassom Slemp for several terms. Mr. Slemp is a candidate for re-election this fall. He is state chairman of the Republican party in Virginia. He called the convention that elected delegates to the Chicago convention early last spring, ere the snow had gone. He was a delegate-at-large and the real boss of the Virginia delegation to the Chicago convention which nominated Mr. Taft, and this delegation was really a packed affair, as you know, you having contested the delegation. If we had a fair deal I believe the Virginia delegation would have been for you, Hon. Walter Graham, of Graham, Va., is a candidate for Congress in this district on the Progressive ticket.

"Many of your followers are not supporting him, but are supporting Mr. Slemp, and Mr. Slemp and some of them are saying he is as good a Progressive as you are, notwithstanding he is for Mr. Taft. They say you do not endorse Mr. Graham's candidacy, but I am sure Mr. Slemp's Mr. Graham was a delegate to the convention which nominated you for President on the Progressive ticket. While I am not intimately acquainted with Mr. Graham, I understand that he is an honorable, upright gentleman, and is a Progressive. He is making a campaign of the district. In view of these facts, I want to ask you to write me fully at once, and also write me which you favor, Mr. Graham or Mr. Slemp. Regretting deeply your recent wounding and assuring you of my admiration, I am, faithfully yours,

(Signed) "L. J. BEVERLY."

"New York, October 19, 1912.  
"To Mr. L. J. Beverly, Wise, Va.:

"My Dear Sir,—Yours of October 17th addressed to Colonel Roosevelt and forwarded to me has just been received. As Colonel Roosevelt is now confined in a hospital in Chicago, it is impossible for him to answer correspondence. Surely there must be some misunderstanding in the Ninth Virginia District. If any one is resting under the misapprehension that Colonel Roosevelt and the national Progressive party are backing any candidate on either the Republican or Democratic tickets.

"Colonel Roosevelt and the national committee are for the election of our own candidates for Congress on the Progressive ticket in every list in the United States. Colonel Roosevelt and the national committee are for the election of Hon. Walter Graham, our congressional candidate in the Ninth Virginia District, and are opposed to the election of Mr. Slemp, the Republican nominee as well as the Democratic nominee for Congress in the Ninth District. Mr. Slemp was a delegate to the Chicago convention in June, and voted against the nomination of Colonel Roosevelt, and for the nomination of Mr. Taft. He was one of the most active opponents of Colonel Roosevelt at the Chicago convention. He is not entitled to any support of the friends of Colonel Roosevelt, or the Progressive cause in the present campaign. I trust you will give full publicity to this statement, yours very truly, (Signed) Joseph M. Dixon, chairman national committee.

NEWEST DISORDER  
LOCAL TO HAVANA

Washington Hopes That Intervention in Cuba Will Not Be Necessary.

## TROOPS HELD IN READINESS

This Country Now Is "Parent" to Republics of South and Central America.

(Special to The Times-Dispatch.)  
Washington, October 26.—Information to-night that the newest disorder in Cuba is local Havana led the State Department to hope that there would be no necessity of another intervention in the island. Reports indicate that the pre-election riots in the capital may not spread, in which case the Cuban government will be left to handle affairs itself.

If President Gomez asks for assistance, however, he will get it immediately. If he does not make such a request and disorders spread to the point where officials here think the revolt is beyond his control, American troops will be dispatched to take things in hand. Although the administration purposely insists no preparations are being made for possible intervention, it is known that practically no preparations would be necessary to rush several hundred regular soldiers to the island. Thirty-six hours distant from Havana are 750 marines, at San Domingo, who are also available.

Uncle Sam as Guardian.

Washington, October 26.—Again facing the possibility of armed intervention in Cuba, Uncle Sam to-night found himself practically assuming a protective role over a territory in Central and South America which is half as large as all Europe. Dollar diplomacy and the Monroe Doctrine combined have forced the United States into the position of being a real, practical parent to thirteen republics.

How strong American dominance was indicated in dispatches to-night that the Conservative party in Nicaragua has nominated Adolfo Diaz for President. American marines have been "cleaning out" Nicaragua. Reports say there will be no other candidates for the presidency, mainly, it is assumed, because Diaz is persona grata to the United States.

Other dispatches from San Domingo told that President Victoria has agreed to retire. Gen. T. S. Dreyer, the State Department agent now in that country, announced that 750 American marines will remain at San Domingo City "until the affairs of the island republic are satisfactorily adjusted."

Travelers Don't Fear Strange Dishes.  
Stuart's Dyspepsia Tablets Enable the Stomach to Stand Anything.

A Box of Stuart's Dyspepsia Tablets in Your Best Travelling Companion.

"Railroads tell you about the wonderful service their modern accommodations; but they never fail to ring in their 'outlines unexcelled.' The wine traveler knows he is taking 'pot luck' when he leaves home, hence a box of Stuart's Dyspepsia Tablets is quite as essential as many of the other traveling requisites.

This commented a philosophical traveling man, speaking of hotel life, restaurants, grills and junction lunch counters. "The agitation in this world," he continued, "are the result of one set of men trying to compel the other set to think and act against their own inclinations. It is the same in religion, politics and eating. I have learned from experience to eat what they serve; to forget the food experts; read the current news and jokes and leave the stomach to the best expert in the world—Stuart's Dyspepsia Tablets."

And Stuart's Dyspepsia Tablets actually do the work assigned them. They relieve weak and overburdened stomachs of a great portion of digestive action. Their component parts assist the digestive fluids and secretions of the stomach, and they simply take up the grind and carry on the work just the same as a good, strong, healthy stomach would do it.

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box, and they are the one article that the druggist does not try to sell something in the place of that's just as good, and the universal demand for them has placed them within the reach of every one. (Advertisement.)

## American receiver of Dominican customs held a long conference with officials.

Although Uncle Sam has not yet taken a hand in the Mexican revolution, and it is the administration's announced policy not to intervene as long as President Madero has the upper hand, there are four American naval vessels—two on each coast—watching developments. The State Department was unofficially gratified at the quick suppression of the Diaz revolt, because that uprising threatened big commercial interests owned by Americans. The administration is also anxious that Madero quickly put down the scattering guerrilla bands in Mexico, which are busily engaged in testing up railroads in which Americans are interested. During Orozco's rebellion, the American government made no secret of aid rendered Madero against the rebels.

There are nine other republics to the South whose affairs are now strictly under influence from Washington—Hayti, Guatemala, Salvador, Honduras, Costa Rica, Panama, Venezuela, Colombia and Ecuador. In several Americans are administering the customs.

## TUBERCULOSIS DAY

It Will Be Observed in 60,000 Churches Throughout Country.

New York, October 26.—Sixty thousand churches in the United States are expected to observe to-morrow Tuberculosis Day. Organizations which are fighting the tuberculosis plague selected this particular day as one on which special efforts should be made to arouse public interest in the prevention of the disease. Prominent clergymen in nearly every large city of the country have agreed to bring to the attention of their congregations the question of prevention of consumption and to suggest ways and means by which church-goers may co-operate in the national campaign against this scourge.

In this year's observance of the day it is planned that emphasis be laid upon the growing evil of the use of alleged fraudulent remedies for the cure of tuberculosis.

The Tuberculosis Day campaign, which is the third national movement of this character, has the indorsement of many men in public life and leading churches of practically every denomination.
